

Truckload Shipping Simplified

At Online Freight Services, our truckload experts leverage our proprietary technology to simplify your truckload transportation management needs.

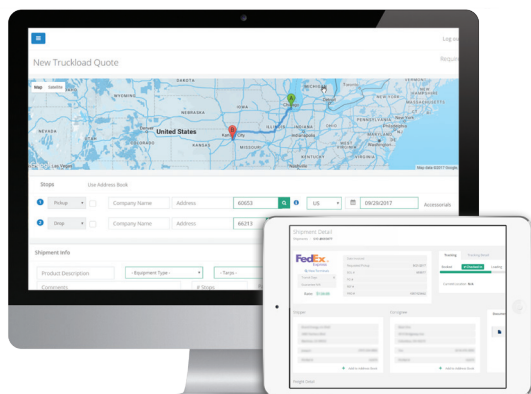

Leverage Our Vast Access to Capacity through Our Unique Carrier Network

- Extensive network of over 40,000 transportation providers developed through years of relationship building
- Access to a wide variety of carriers, from large, national trucking companies to single-truck owner-operators
- Carriers hand-selected through a strict compliance process for proven ability to deliver the highest-quality and best-value service
- Additional capacity sourced from dedicated and private fleets

Our Team of Dedicated Experts Value Service & Performance

- Ability to handle spot, contract freight, projects, seasonal spikes, surge needs, and end-of-month & end-of-quarter demands
- Enforcement of industry-leading compliance standards for carriers
- Development of close carrier relationships and a robust carrier network
- Continual investment in technology and innovation
- Commitment to service excellence

OFS Proprietary Technology Provides Real-Time Visibility

- Account-specific online tools that provide insight into your supply chain
- Proactive communication and exception management resolution
- EDI and API data transfer

No matter where you need to ship, OFS is your truckload solution—and your competitive advantage. Leverage our carrier network, technology, and truckload expertise.

Book your next truckload shipment with OFS.
